

AG32F-115KA

Product code: AG32F-115KA

Piezoresistive absolute pressure sensor,
compensated and calibrated.

The AG3 family is characterized by:

- Amplified and temperature compensated smooth analog output
- Low profile flat package
- Compatible with the XFAM/X3AM integrated pressure sensors

Accuracy	+/- 2.5% FS
Temperature compensation	0-85°C
Pressure port length	/
Mounting	SMD
Pin orientation	Opposite
Pressure port	Not present
Pressure Type	Absolute
Measurement range	115 kPa
Supply voltage	3 Vdc
