

## KPEIMC-UDCOM

**Codice prodotto:** KPEIMC-UDCOM

**Produttore:** Kyosemi Corporation

Fotodiode Alta sensibilità InGaAs

|                                                      |                    |
|------------------------------------------------------|--------------------|
| <b>Caratteristiche</b>                               | Edge illuminated   |
| <b>Dark current Tipica</b>                           | 50pA @ 5V          |
| <b>Package</b>                                       | Chip               |
| <b>Sensitive Area (<math>\mu\text{m}\phi</math>)</b> | 100x120            |
| <b>Tipologia</b>                                     | InGaAs Photodiodes |
