

# KPDE005HAn

**Codice prodotto:** KPDE005HAn

**Produttore:** Kyosemi Corporation

Fotodiodo Alta sensibilità InGaAs

|                                      |                    |
|--------------------------------------|--------------------|
| Caratteristiche                      | Array              |
| Dark current Tipica                  | 30pA @ 5V          |
| Package                              | Chip               |
| Sensitive Area ( $\mu\text{m}\phi$ ) | 50                 |
| Tipologia                            | InGaAs Photodiodes |
